### DRANK UP HIS WAGES

He Left His Crippled Wife and Children Homeless and Hungry.

There is a man in Phoenix, though he cannot really be called a man, who ought to be "fired off his job." It pays him \$50 a month but it does him no good and is worth less than nothing to his family.

Yesterday evening a woman supporting herself with a crutch stood in front of a saloon. With her were a little girl of five or six and a baby in a baby carriage. The woman was crying. A lady passing asked her what was the matter. Said she: "My husband is in that saloon drinking up his month's wages. He did the same thing last month. He gets \$50 a month and the night he got his wages last month he paid none of our bills, not even the rent. We had nothing left of his month's wages. He told the landlord that he would pay him two months' rent today. He got his wages last night but did not go to work today. He has been up town all day drinking. The landlord put us out of the house this afternoon and all of our things are in the yard. I and these little children have had nothing to eat all day and I don't know where we will sleep to-night."

While the woman was relating the story the little girl kept peeping into the saloon and then coming back to her mother by the baby carriage. At last after making a reconnaissance she said to her mother: "Papa is taking another drink." The price of it was presumably fifteen cents. The price of

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription.

It often happens that with the cure of female weakness and the establishing of the delicate monthly crisis in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Rea of Amblerburg, Ontario, Canada. "I am mother of four children and suffered greatly at times from birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of those spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of a great childbirth, and I thought it must be a good medicine that would help those pains, but I knew now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine for us mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

### THE WESTWARD TIDE

Mr. J. H. LaRue Says It Will be Enormous This Winter.

Mr. J. H. LaRue, of the Arizona Hardware and Vehicle company, accompanied by Mrs. La Rue, returned yesterday morning from a four weeks' journey through the east. The trip was one of combined business and pleasure, but it was timed so that Mr. and Mrs. La Rue could attend the golden wedding of the parents of Mr. La Rue, near Gettysburg, Pa. After that they visited New York, Philadelphia, Buffalo, Chicago, Kansas City and Denver. Mr. La Rue found a very pleasing condition of affairs throughout the east, and he also found a growing interest in this territory. It has been given a great impetus by an article which lately appeared in Collier's Weekly.

A great many people called on him to find out more about Arizona and the Salt River Valley. Mr. La Rue discovered that that there is going to be an unprecedented enormous movement westward this fall and winter, and he suggests that some move be made to head a part of the tourists off and bring them to this valley. They have been offered special rates to the coast by both transcontinental lines, but he thinks it would be possible to divert a part of the traffic this way.

Some idea of the extent of the expected western travel may be gained from the circumstance that the Santa Fe has ordered 1,000 new tourist cars.

**COLE'S SENTENCE.**—Cole, the man who got away with the gun in the Wellington, the first of the week, was yesterday fined the costs of the hearing by Judge Burnett. The gun was recovered, and as Cole was at the time drinking, and the offense was his first, the justice was inclined to be light on him.

**HAD A PLEASANT VISIT.**—Herbert Scott, city ticket agent of the Southern Pacific, yesterday morning returned from a visit to his former home in Ohio. He reports having enjoyed his trip, and says that he answered numberless inquiries regarding Arizona and her resources. He predicts a heavy tourist travel into the territory this winter.

**TOM WHITNEY'S HONEYMOON.**—Tuesday in Los Angeles the wedding of Tom Whitney of this city to Miss Jennie Cavanaugh of Los Angeles was celebrated. It was the couples plan to at once return to Phoenix but they have since decided to visit various coast points before their return to the territory.

**FRUIT SHIPPERS RECEIVE REBATE**

Practice so General That it is Hard to Abandon.

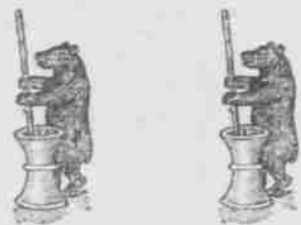

Washington, Nov. 1.—Admitting that rebates are given to shippers in the California fruit service by practically all private car lines, J. S. Leads, general manager of the Santa Fe refrigerator dispatch, evidenced the inquiry being conducted here by the Interstate Commerce commission to show the relations between the railroads and the companies engaged in the business of refrigerating freight in transit. Mr. Leads said these rebates were necessary to his company because all his competitors were granting them. He asserted that he could not break up the practice precipitating a rate war.

The testimony today was confined to the business of the Atchison, Topeka and Santa Fe railway and the Santa Fe refrigerator dispatch cars which according to officials who were on the stand are owned by the same interests. Mr. Leads occupied the witness stand the greater part of the day and was followed by Edward Chambers, freight traffic manager of the Santa Fe railway who prefaced a mass of unimportant testimony with the statement that the stock of the corporations mentioned is owned by the same interests and that the corporations have the same president.

The commission this afternoon ordered the taking of the deposition of Edwin T. Earl, of Los Angeles, Nov. 10. Attorney Urien for the Armour car lines, again endeavored to have fixed a date for closing the testimony in the inquiry but his motion was denied.
